

Make it Count.

You don't have time to spare, so when it comes to preventive maintenance, you need to know that what you're doing will make a difference. The International® Truck Preventive Maintenance program is the most comprehensive of its kind - so you can rest easy, knowing the investment you're making in time and money will pay dividends in the long run.

QUALITY SERVICE

International Preventive Maintenance ensures that your vehicle will be serviced exclusively by factory-trained, certified technicians using the best parts, premium oil and filters. So you'll know the job is done right the first time, every time.

CONSISTENCY & VALUE

With International Preventive Maintenance, you can count on outstanding service wherever you need it. And thanks to standard pricing and warranty on all parts and services, you'll get the same great savings and reliability whether you're 3 miles or 3,000 miles from home.

CONVENIENCE

International® Truck dealer, Love's Travel Stops, and Speedco locations feature extended service hours and, because International has such a vast parts inventory network, even the most hard to find parts are readily available.

VERSATILITY

International Preventive Maintenance can be purchased whichever way that works best for you, including a job-by-job basis, or you can stay enrolled and ensure low prices for an extended period of time. This means you don't have to make unwanted commitments to take advantage of International Preventive Maintenance - nor do you have to drive an International® truck; all makes are eligible for the program.

Additionally, Preventive Maintenance services can be paid for by credit card, Fleet Charge® or Fleet Charge® Advantage, and are also available through service contracts on new and used vehicles. Please contact your International dealer for more information.

ONE OF THE MOST EXTENSIVE INSPECTION PROGRAMS IN NORTH AMERICA

QUICK LUBE (43-POINT INSPECTION)

This basic service inspection includes an oil change, chassis lubrication and a review of 32 everyday operational items, such as fluids, wipers, air conditioning, brakes and instrument panel.

“A” SERVICE (84-POINT INSPECTION)

In addition to a lube and oil change, this more advanced inspection includes a complete cab interior inspection and a total inspection outside of the vehicle to check the condition of everything from mirrors and mudflaps to the exhaust and tires. We'll also do a thorough under-vehicle inspection to check transmission levels, springs and other vital systems.

“B” SERVICE (114-POINT INSPECTION)

This inspection includes all of the above procedures and satisfies all of the Department of Transportation annual inspection requirements. As with all of the International Preventive Maintenance inspections, only premium fluids and the best parts are used, and factory-trained and certified technicians perform all maintenance.

U.S. Pricing

Service	Level 1	Level 2	Level 3	Level 4	Level 5
Quick Lube	\$221.00	\$285.00	\$362.00	\$443.00	\$515.00
A Service	\$302.00	\$362.00	\$459.00	\$540.00	\$612.00
B Service	\$367.00	\$426.00	\$524.00	\$605.00	\$677.00

Pricing covers most truck and engine combinations, original build level lube, fuel and water filters as stated per level of service and does not include local environmental fees, applicable taxes, crankcase ventilation filters, optional external filters, brake, clutch and belt adjustments, air filter or any mechanical repair. See your International Preventive Maintenance dealer for complete details. An additional charge may apply for winter blend oil or synthetic oil. “B” level service includes annual DOT inspection. Pricing levels subject to change without notice.

AVAILABILITY

International Preventive Maintenance is available at locations across North America. See your nearest International Truck dealer for details.
